MISSION

The mission of this Memorial is to provide people with a physical space to remember and learn. The space itself is mindfully designed. As you enter the memorial, you will walk along the Pathway of Heroes. There will be 8 walls representing the branches of the Department of Defense: Army, Navy, Marine Corps, Air Force, Coast Guard, National Oceanic and Atmospheric Association & the U.S. Public Health Service, First Responders (Law Enforcement, Firefighting and Emergency Medical Services) and Healthcare workers. All eyes will be drawn to the 24-foot-high obelisk at the center of this special place representing the strength and courage of our heroes. Included in the Memorial is a covered amphitheater that will be used for education and a variety of community events.

INTRODUCTION

Here in Southern Arizona, we have a population of more than 500,000 veterans, active military, first responders and healthcare workers and in Arizona over 1.5 million. These men and women, fallen and living had and have a critical role in both past and present conflicts in America. Despite their sacrifices, these same individuals often have not received the recognition they deserve.

IMPORTANCE

A group of Southern Arizonans recognized the need for a special place in which to honor, remember, and memorialize veterans, first responders and healthcare workers. A picturesque venue where visitors, residents and school children can learn about the services these men and women provide. This beautiful living Memorial has been allocated on 2.5 acres by the Town of Oro Valley, in full view of the Catalina Mountain's. It will contain art, monuments and landscaping that are symbolic to all branches of the Department of Defense, First Responders and Healthcare workers. By creating such a space in which people may gather to remember and to learn, we honor the past and educate future generations about the meaning of service and sacrifice to our country..

ARIZONA HEROES MEMORIAL will continually strive to improve and enhance its outreach services to retain and attract people from all over the U.S. and abroad in preserving our history 100% of your donation supports the raising of the memorial and educational programs for future generations.
